PARIS TAKES PENNANT IN BLUEGRASS LEAGUE

PARIS, Ky., September 11th.—Maysville's
defeat of Lexington in the first game of a
double header Sunday at Lexington, by the
score of 2 to 0, and Paris trouncing the Rich-
mond team by the score of 7 to 0, clinched the
1910 pennant in the Bluegrass League. The
much coveted flag will float next season over
White Park in North Paris, and it will be up
to the Bourbonites to successfully defend it
against all comers in 1911.

GREAT GAME

Maysville Defeated Lexington 2 to 0
in a 12 Inning Contest

Sunday's Lexington Herald.

Lexington and Maysville played a full twelve
inning game yesterday in fifteen minutes less
time than Lexington and Paris played eight
and a half Saturday, and to show the difference
in the playing of the leaders and the occupants
of the cellar, the boys from the river blunked
the Colts in the fast contest, making two for
themselves in the last round owing to a break
in the local machine.

A double bill was on and it was split, Mays-
ville winning great glory in the first by winning
2 to 0, and making a joke of the second with
a string of errors and blunders, while Lexington
batted out a trio of tallies.

A gentleman named Chase, who has been
doing all of the sensational pitching for Mays-
ville, held the Colts to a safe punt, one single,
and one two-bagger throughout a dozen rounds,
calculating them in splendid fashion.

Score by innings:
Lexington.....0 0 0 0 0 0 0 0 0 0 0 0—0
Maysville.....0 0 0 0 0 0 0 0 0 0 0 0—2
Second game 4 to 0 in favor of Lexington
in 6 innings.

WHY THEY FAIL

MOST PILE REMEDIES MISS THE
CAUSE OF PILES

Disagreeable treatment with ointments or
suppositories usually fails to cure piles and cut-
ting them off won't remove the cause. Such
treatment only moderates the outside effects of
the disease and fails to remedy the inside
cause. The up-to-date doctors now use internal
medicine to free the circulation in the
lower bowel and so remove the disease.

Dr. Leonhardt's Hem-Roid, the first and only
guaranteed internal pile cure in the form of
tablets, cures any kind of piles. Sold by J.
Jas. Wood & Son, Maysville, Ky. \$1 for large

HANDICAPPED.

This is the Case With Many Maysville People.

Too many Maysville citizens are handicapped with a bad back. The incessant pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest, and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Doan's Kidney Pills cure sick kidneys and cure them permanently. Can you doubt Maysville evidence?

Mrs. Nathan A. Hafer, Maysville, Ky., says: "My opinion of Doan's Kidney Pills is so high that I have not the least hesitation in publicly recommending them. For ten years I was bothered by kidney complaint, during which time I tried various remedies without obtaining benefit. There was a constant, dull ache across my back, often accompanied by sharp rheumatic twinges throughout my body. I was also subject to nervous headaches and dizzy spells, and on arising in the morning I felt tired. My husband advised me to give Doan's Kidney Pills a trial, and I procured a box at J. Jas. Wood & Son's Drugstore. They cured me in a short time."

For sale by all dealers. Price 50 cents. Foster Milburn Co., Buffalo, New York, sole agents for the United States.

New Tuberculosis Cure Based on Medicine

Did it ever occur to you that the reason medical doctors have so little success in curing Tuberculosis is because they really do not practice medicine?

To say that a specific exists for the cure of Consumption is perhaps too strong a statement, but in Beckman's Alternative we have a medicine that has been the means of saving many a life to years of usefulness and in permanently curing a large number of Consumptives.

Telling every sufferer to gorge himself with eggs and milk is apparently the limit of modern treatment. Certainly a person afflicted with a wasting disease should be well fed with wholesome, nourishing food, but frequently raw eggs in quantities cause digestive breakdown, and then no food nourishes. As for milk, a very good food for many, but a producer of biliousness for some.

Any diet that keeps a Consumptive well nourished is the right one, but what is going to cure the patient?—Beckman's Alternative has cured and is curing many a case of Consumption. Let those speak who know. Here is a specimen:

Savannah St., Rochester, N. Y.
Gentlemen: On Jan. 3, 1907, I was operated upon for Tubercular Peritonitis at St. Mary's Hospital, Rochester, N. Y. After the operation my physicians gave me up. I was then urged by a clergyman to take Beckman's Alternative, which I did. My weight at the time was 72 lbs. I began to improve and steadily gained in health and strength. I now weigh 125 lbs., and am absolutely cured.

(Signed Affidavit) EDNA FINZER.

Beckman's Alternative is good for all Throat and Lung troubles, and is on sale in Maysville by J. Jas. Wood & Son and other druggists. It can also be obtained at or procured by your local druggists. Ask for booklet of Cured Cases or write for Evidence to the Beckman Laboratory, Philadelphia, Pa.

THE PECK-WILLIAMSON UNDERFEED FURNACES AND BOILERS

SAVE 1/2 TO 2/3 OF COAL BILLS

Mr. J. E. Crider, President of the Crider Creamery Company, Fredonia, Ky., relates his Underfeed experience thus:

"We installed one of your No. 759 Underfeed furnaces in our 12-room house about two years ago. We have found the furnace very satisfactory indeed. The furnace is extremely economical, fires easily and the heat is quite evenly distributed throughout the various rooms. We use not one stick of coal for fuel with perfect results and much prefer the Underfeed to any heating device with which we are familiar."

Send for our FREE book about UNDERFEED Furnaces and Boilers and let us PROVE that it will pay you to discard old-fashioned heating methods and install the satisfactory dividend earning Underfeed. Heating plans and services of our Engineering Department all FREE. Write today.

AN ECHO FROM HAPPYLAND

It is said that the general American public is particularly fond of comedy. Having this in view, the management of Sun Brothers' Greater Progressive Shows, that are billed to appear here matinee and night on Monday, September 19th, have arranged to present at every performance what the management styles, "The Stars of the Comic Firmament," in which they have recruited purveyors and delineators of fun from every country where humor is known and appreciated, thus making of it an International Assemblage of the World's Joyful Jesters.

This season the "Main Show" program is replete with merry and breezy entrees and interludes of all kinds. There is also a plethora of comic trained animals that present many diversified exploits, all of a humorous character and that all appeal to the children and their elders as well.

Two complete performance will be offered here, matinee at 2, night at 8. The tents are all of massive size, the seating capacity is so arranged to shelter an audience of immense size.

At 12:30 p. m. there will be given on the show lot a galaxy of free out-door exhibitions that are said to beat anything of the kind ever carried by a tented show.

You can get prescriptions carefully compounded, day or night, at Armstrong's.

GOOD GAME

The five hundred or more who attended the game of ball yesterday afternoon at the East End Ball Park between the Ironons and Regulars were well repaid for time and money spent. It was one of the cleanest and best games played here this season, and although our boys were victors over the Ohio chaps by a score of 4 to 5, we have little to crow over, for honors are about even between the two clubs.

The Civic Improvement Societies are doing a valuable work in many of our American cities. The movement is one that ought to be spread to the smaller towns and villages. No town is so well kept that it may not be benefited by a concerted movement for better conditions. If the Improvement Societies accomplish no more than to bring about an annual cleaning-up day their existence would be justified, but there is work for them all the time.

A town that is clean and of attractive appearance is much to be preferred as a place of residence to one where there is little or no attention given to cleanliness. The same may be said for a town where there is any general spirit of beautification. Such a system is best promoted by popular co-operation in the organization and maintenance of Civic Improvement Societies. If the Illinois conference shall succeed in arousing interest in these matters throughout the State it will have served a useful purpose.—Courier-Journal.

"NATIELLO'S GREAT BAND."

Kentucky State Fair Management Announces Important Engagement for This Year's Show.

Sig. Ernesto Natello's famous band has been engaged for the Kentucky State Fair of 1910, and will be heard in two grand concerts each day. There are some sixty musicians in this great organization, and the band is ranked among the most prominent bands in America. Free concerts will be given in a band stand near the pavilion each afternoon and night, and Natello and his musicians will also be heard during the horse show and hippodrome performances. In addition, two bands have been engaged to provide music for the races and tender concert programs during each afternoon and evening.

As a courtesy to the thousands of visitors to the state fair grounds on the day preceding the opening of the fair, the state fair management has arranged for two sacred concerts on Sunday afternoon and evening, September 11. Last year something like 10,000 persons visited the fair grounds on the Sunday immediately before the opening of the big show. This fact led the management to close a contract with Sig. Natello for two grand sacred concerts on Sunday. Hundreds of visitors from out in the state reach Louisville on Saturday and Sunday before the opening of the fair, and they will have the advantage of this additional entertainment.

Gas Light Talks—No. 1.

To the People of Maysville

There are a number of matters connected with the gas and electric industries that are little, if at all, understood by the general public.

And, in former years, it was the tendency of public service companies of all descriptions to encourage this lack of knowledge on the part of the consumer.

That time, however, is past.

A new order of things has been inaugurated, and the public service companies all over the country are now urging their customers to acquire at least a working knowledge of their methods of doing business.

Not only that, but the public itself, awakening to its responsibility in a matter which affects the welfare of the entire community, is taking much more interest in public utility matters.

This is as it should be, and the Maysville Gas Company is glad to take advantage of this changed condition; especially, because—

Just at this time there are a number of questions connected with the lighting business that require serious consideration.

It is our purpose to discuss these matters with you, and we intend to be perfectly frank in doing so.

Therefore, these Talks will appear in the advertising columns of our newspapers every day until we have said our say.

We take this method of placing our side of the question before the public, because it is the only way we can think of in which we can reach ALL of you at the same time.

And that is just what we want to do.

We ask you, therefore, to make it a point to READ THESE TALKS EVERY DAY.

If you are a public-spirited citizen—and we believe there are no others in Maysville—you will be interested in what we have to say.

Should there be, at any time during the progress of these Talks, any point which may not be perfectly clear to you, we shall be grateful if you will let us know.

Maysville Gas Company

Horace J. Cochran, President.
